## Rain Doesn't Dampen Fun on Playground

Summer playground opened Monday despite the pouring rain, and no one felt it to be any problem. Indoor games, drawing and "kick it" soccer kept every one well occupied and enjoying themselves. Three o'clock came by surprise.

Director Gail Sysko announces the playgrounds two new leaders this year as Mrs. Sandy Verkuille, Assistant Director and arts and crafts leader; and Tom Harrington, Teen Play Leader and nature projects leader. Staff is rounded out by the nine junior volunteer play leaders: Mike Thompson, Lora Verkuille, Scott Newton, Jay Davis, Elayna Tate, Wanda Day, Teresa Roberts, Matt Laban, Alec Newell. The first day brought 19 children and 52 on Tuesday.

Special events this summer begin with a doll carriage and bike parade to be held at 11 a. m. on Friday, June 26. It is open to 8-6 year olds wishing to enter their decorated bikes and carriages. Prizes and a picture in the paper will be their reward (Rain date: Monday, June 29).

On Thursday, July 2, they'll be having a day full of kite making and flying, directed by Tom. Friday will follow with a summertime birthday party for playgrounders having birthdays in July and August. The following Monday the children will present to parents a dramatic production, and finish off on July 10 with the annual Playground Olympics.

Summer Playground is open to all Bethel children entering K-6 grades. Register at the playground.

## 12-YEAR-OLD CATCHES FIVE POUNDS

Getting up early to go fishing has its rewards! For Jeff Ring, of Amherst, Mass., 12 year old grandson of Mr. and Mrs. Keith Ring of Locke Mills, this was true Wednesday. While fishing in the outlet to Round Pond, near Jordan's Restaurant, Locke Mills, early Wednesday he caught a five pound, five ounce, 21 inch bass. No live bait for Jeff; this prize was caught on an artificial lure, more specifically called a "hula popper". The fish was officially weighed and entered in the Fish and Game Department's biggest catch contest.

## CUB SCOUT PACK 566 NEWS

Last week end, 16 Cub Scouts of Pack 566 and five fathers attended the Cub Scout weekend program at Camp Boimazeen on Belgrade Lake. A good time was had by all despite a rainy day on Saturday. The program included rifle target practice, archery, obstacle course, crafts and swimming. Alec Newell and Jason Adams won ribbons for their skill in archery, and every scout was awarded a Camp Boimazeen patch. Thanks to Charlie Adams (who has done such a super job as Webelos Den Leader), Roger Wheeler and Steve McLain for lending their assistance on this outing. The final outcome of the recent bottle drive has not yet been determined, but with the baseball stake, it looks like a different project will have to be planned to use the funds. A special thanks to all those who contributed and helped, especially the five Cubs, Patrick Feeney, Danny Conant, Todd Chabourne, Danny Kuzky and Kevin Davis, who worked on the collections and Lillian Conant and Sue Angevine, who did all of the sorting, as well as Hugh Chapman and the I. ## Greenwood City

— Mrs. Colista Morgan, Corres. —

This was a sad week for me so out to the fields I went. "The little cars that fretted me, I lost them yesterday. Among the fields above the sea, Among the winds at play! Among the lowing of the herds, The rustling of the trees, Among the singing of the birds, The humming of the bees." The night had sprinkled the path of dawn with dew. A breeze whispered through the woods and caressed the drops away.

I took a walk to find field strawberries. Each shadowed glen revealed so many treasured things. There were the lacy ferns, the grass, and the flowers that walking brings at every turn. But I noted with eager eyes always hoping for a surprise.

Many an obscure nook and place is lavished now with Queen Ann's lace. It cascaded the hill weaving a fragile filigree of creamy hue and lovely design.

On a bush above one, by the gate sat a bird with a fledgling, nude, with greedy eyes, gaping mouth and fearless wings, yet at my approach soared from bush to grass, while mother bird urged me to pass.

Looking over the mountains there was a delicate veil of mist softening the outlines. I stopped many times to turn and look at them and to see the water dance and sparkle in the pond.

The bob-links were there in the fields but with home cares heavy upon them, sang very little.

In the strawberry field the berries were thick and sweet. They are really a classic gourmet fare. I prefer to eat them either from the plant, sun warm, or with cream at breakfast time. Don't be tempted to mix them with tame berries for they make the tame ones taste flat and flavorless.

So after filling my dish and sharing my blood with biting deer flies, I faced the mountains again and started home.

The wild roses, by the well, stretched in a gentle breeze to capture the sunbeams, while all other plants were quieted in this moment of beauty.

On Wednesday, Frank and Dorothy Curtis, Eva Felton and daughters, Kathy Curtis and Lucy Bragg, Clyde and I were in Shapleigh to attend services for our sister, Annie Mills.

David Holt, Dexter; Ann Holt, Bethel, were at the home of their parents here over the week end.

## Northwest Bethel

— Clarice Gibson, Corres. —

Summer is here. School is out and how wonderful to be a school child with the summer ahead for fishing, swimming, hiking and what-have-you. This week end was not so nice as last week end. In fact, most of Saturday it rained and quite a lot of Sunday afternoon. Jim Gibson and his wife, Sue, came down Friday and Saturday, they, with George, went on one of the hiking trails leading off from the Evans Notch Road. I guess they were just about to the summit when it started to pour and thunder. When they got back they were all soaked to the skin. Then Sunday it started raining just about the time Jim and Sue, with Grammie Gibson headed down the pike. Frank, Grace, and Theresa had gone down Tuesday before to bring Grammie Gibson for a visit from Hampton Falls, N. H. For Sunday dinner we had Jim, Sue, Frankie, Grace and Theresa.

Everything is looking so green after the rain. The roses are blossoming as are the pinks and foxglove. No strawberries at all this year. It seems funny after so many years of being right out straight with picking and delivering.

— Eveline Barrett, Corres. —

We were blessed with some needed rain on the week end and gardens look better. Some strawberry beds are a failure due to the killer frost on May 18. The hull is left on the stem but it is all dead and brown. Oh well, we just can't win.

The supper at the Community Hall, June 20, was a success and we thank all who helped us by cooking, serving, and attending. It was good to meet so many old friends all at one gathering. We didn't even mind the rain.

Mr. and Mrs. Herbert Stevens spent the week end at Dixfield.

Herbert Eldridge went to a Massachusetts hospital Monday for more treatment or therapy on his injured hand.

Callers at Lawrence's, Ruby Coffin, Sally Lane, Connecticut, Mr. and Mrs. Herman Card, Leon Morse, Mrs. Robinson, Mr. and Mrs. Joe Kallinowski, Eveline Barrett, Joe Vatcher, Arlene, Norman Abbott.

Gail Oja is home from her teaching duties in Massachusetts.

Mr. and Mrs. Harold (Red) Vatcher, Saugus, Mass., moved Saturday to the former Adeline Stevens trailer, which they have purchased. Mrs. Helen Bertholt and two daughters spent the week

with her parents to help settle in. Sunday, a man came to fix the motor or pump in the artesian well.

Everyone was glad to see Mr. and Mrs. Gerald Kimball, South Paris, at the supper Saturday.

Last summer he was hospitalized for many weeks and we missed him. He is much better now.

Community meeting at the hall, July 1, 7 p. m. Let's go.

CARD OF THANKS

We want to thank those people who in their prayers, cards and many other kindnesses contributed to our speedy recoveries. Thanks again.

# MOSES MASON ORIENTATION FOR VOLUNTEERS JUNE 29

# WOODSTOCK HISTORICAL SOC. RECEIVES DONATIONS

Last week just as the Woodstock Historical Society was about to open its new museum, the society received several significant donations. Mrs. Elsie Herrick Bryant, whose husband was a direct descendant of Christopher Bryant, whom Bryant Pond and Lake Christopher were named after, made several contributions to the society. She donated two 1862 Maine wall maps and an 1853 Oxford County map to the society. She also gave pictures of some of the early pictures presented in Woodstock, photos of the mill explosion and mill crews, and several photographs of early area residents. Mrs. Olive Davis, who spoke at the society's last meeting, provided a genealogy of the Bryant family to go with the pictures the society already had—Elsie Davis's mother was a Bryant. She also went through her attic to find a number of photographs of early residents. She still has quite a stack that cannot yet be identified. That will be a project for older residents of the town at a future society meeting. The Wheelers presented the society with the old Addie Mann history of the Bryant Pond Baptist Church. The Billings family donated a few curios to intersperse with the photos. Much thanks should also go to Annie Crockett, secretary-treasurer of the society, and the Bacon family for their very generous donations in the past.

The first official visitors to the new museum were Mrs. Eleanor Tracy's sixth grade class from Woodstock Elementary School. The society particularly wants to thank the superintendent and Mrs. Tracy for their continued support of society activities. S.A.D. 44 has very generously allowed the society to use the Woodstock Elementary School annex for a museum and last week loaned the society enough folding chairs so meetings could be held there regularly over the summer months. It is indeed gratifying to see how many people from the area have cooperated to assist the growth of this relatively new organization. Remember, the museum is open from 1-4 on Saturdays.

# WALKING WITH JESUS CHRIST

Yes, there are folk that say the Bible is hogwash—some allow it is okay—while many love and cherish it. And then, if there was no God the atheist could not complain and the world would be a mess—in fact there wouldn't be a world or anything—of course the evolutionist would still believe the flying bat evolved from a jumping mouse that grew wings to catch insects.

Sounds ridiculous and even outrageous—"But if from there thou shalt seek the Lord thy God, thou shalt find Him, if thou seek Him with all thy heart and with all thy soul." Deut. 4:29. Spoken to the Israelites some 3500 years ago—they failed and were scattered just as God said: "And the Lord shall scatter you among the nations, and ye shall be left few in numbers among the nations where the Lord shall lead you." Vs. 27.

Then as God promised—the nation of Israel was formed again only 33 years ago and Jews are returning to it. Just look at the news media today and tomorrow—this ever so tiny nation, still unbelievers in Christ as Lord—surrounded by its angry neighbors—pressed by Russia and about all the rest of the world—stand almost alone—why? "For the Lord thy God is a merciful God, He will not forsake thee, neither destroy thee, nor forget the covenant which He swore unto thee." Vs. 31.

History being unfolded before our very eyes—living proof of a living and loving God—even as David, gives honor to God's Glory—"O Lord, our Lord, how excellent is thy name in all the earth, who has thy Glory above the Heavens"—"When I consider thy heavens, the works of thy fingers, the

moon and the stars which thou hast ordained, What is man, that thou art mindful of him? Ps. 8.

God having formed man, woman and child—loves them—us all—even enough so that He gave His Son, Jesus Christ—Yes, that is how mindful God is of you and me. While we deserve the Cross—He took it for us, 2000 years ago—that we might have life—"For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. # Superintendent's Newsletter

Dr. Wayne F. Gersen

At the beginning of last year, the Board of Directors set four major goals. The following is an assessment of the progress made on each of the goals established for FY '81.

Goal #1 - Improve Student achievement and discipline with an emphasis on the following:

Implementing a Basic Skills Program—A promotion/retention committee, chaired by Eleanor Tracy, was established and has begun the task. By mid-November, 1981, this Committee will have generated a set of minimum standards for each grade level. These standards will be reviewed by faculty members at all grade levels in the January, 1982, workshop, and a list of specifically defined objectives for each grade level will be developed and adopted by Spring 1982. In addition to this committee's efforts, the Administrative Council, comprised of all educational administrators in the District, will develop a set of standard expectations with regard to neatness in the submission of student work, which will go into effect in September.

Developing a Program for Gifted and Talented Students - A proposal, attempting to get matching state funds, was developed and submitted for Board approval, and rejected. A revision of the gifted and talented program is still being developed. The identification of gifted and talented students has taken place, however, so that once the program is developed and adopted, it can be implemented quickly.

Implementing an Educational Program on Drug and Alcohol Abuse in Grades K through 12 - The formation of the C.A.D.E.T. Team and the distribution of health materials on drug and alcohol abuse to all teachers has increased the awareness of teachers and the community in this area. The Administrative Council has also endorsed this as an In-Service goal for 1981-1982, which should insure its complete implementation.

Improving Courses for Vocationally Oriented Students - Significant progress has not been made in this area. The Board's concern over NOVA's cost effectiveness, and recent legislation making it possible to withdraw from a vocational area make this a compelling goal. I have recommended that a review of vocational education delivery services be one of the Board's key goals for the year ahead.

Creating an Education Steering Committee Comprised of Community Members, Board Members, and S.A.D. #44 Staff Members - Decentralized Steering Committees have been formed at each elementary school, and in Adult Education. Both Mr. Phillips, Telstar Middle School Principal, and Mr. Bouchard, Telstar Regional High School Principal, will have some kind of community and/or parent committee developed by December 1981.

Goal #2 - Develop a Plan to Further Reduce District Operating Costs by Looking at the Following Areas:

Transportation - The consolidation of the bus routes will result in a considerable savings to the school district. The continuing conversion to diesel powered buses has also saved the district considerable dollars in fuel costs.

Plant Operating Costs - The district used 90% matching funds from the state to insulate and carry out several other energy savings projects in its older elementary buildings. The district has also been awarded matching federal funds to complete a technical assistance audit, which may result in additional federal and state funds being made available to the district.

Building Options—A building proposal has been submitted to the Division of Facilities. By the end of September 1981, the Board should have made a decision on whether it should secure the services of an architect to begin to develop a building concept plan—the next step in the building process.

Goal #3 - Provide Competitive Professional Salaries and Benefits and Develop a Comprehensive Evaluation Procedure which could enable S. A. D. #44 to attract and retain highly qualified educators.

The Board's Negotiations Committee has reached an agreement with the Telstar Educators Association, which should accomplish the first part of this goal. Using the existing evaluation system, which is predicated on multiple classroom observations by administrators, and the completion of a three page self-evaluation by each faculty member, the district administrators have successfully completed their evaluations. During the summer, the evaluation

# ARTIFICIAL DIET EQUALLY BENEFICIAL TO LOBSTERS

Lobsters fed in pounds in Maine and fed a powdered diet developed by University of Maine at Orono researchers gain just as much weight and taste just as good as those that are fed the more traditional salted herring diet, according to information contained in two technical reports which may be obtained from the Marine Advisory Program, 30 Cornub Hall, University of Maine at Orono. The reports also point out that the artificial diet is easy to store and has an advantage over the live bait in that it simply disintegrates in the pound while the natural food rots.

system will be reviewed and modified. In the year ahead, I plan to participate in the evaluation of faculty members.

Also, this year, for the first time since the inception of the district, all bus drivers, custodians, and kitchen personnel were evaluated by their supervisors.

Goal #4 - Improve communications among the staff, administrators, Board of Directors, and Community.

Through public hearings, through the bi-weekly Superintendent's Newsletter, through the building level steering committees, and through more detailed Superintendent's Reports, much has been accomplished in this area. In the year ahead, an increase in the number of press releases by each administrator will be encouraged.

## Locke Mills —

Mrs. John Mills, Corres.

On Saturday evening, June 20, Mr. and Mrs. Donald W. Bennett accompanied by Mr. and Mrs. Elden Hathaway, Bryant Pond, and Mrs. Susan Glines, West Paris, attended the 100th anniversary celebration of Olive Branch Chapter #72 O. E. S., Ashland, Mass., which was held at the Chateau De Ville in Framingham, Mass.

Thursday, Mr. and Mrs. John Mills were in Norway where they visited Mr. and Mrs. Donald Mills.

June 14, Mr. and Mrs. Daniel Cole attended the graduation of Celand Noyes at Mt. Blue High School in Farmington. There were 277 students in the graduating class. Celand was a member of the school band and the Old Crow Band.

Mr. and Mrs. Lee Mills celebrated their 45th wedding anniversary on Friday. On Saturday afternoon their sons, Blaine and Dwight Mills held a surprise open house for them with a great number of family and friends attending.

Mr. and Mrs. James Libby and Jennifer of Bangor have been visiting her parents, Mr. and Mrs. Irving Cole and family. They returned home Wednesday.

Mr. and Mrs. John Mills visited their father and wife, Mr. and Mrs. Charles Swan, at their home in Fryeburg, Monday.

There was a good attendance at the auction at the Ring residence Saturday until the sudden downpour dampened proceedings considerably. The weather seems to have a way of doing that so far this summer.

Mr. and Mrs. Wilfred Noyes were supper guests at the home of her parents, Mr. and Mrs. Lester Cole on Father's Day. Other

members of the family calling on them were Elwin Cole and Jean of West Paris, Irving, Ellen and Marie Cole, Mr. and Mrs. Burton Cole, Angela, Carrie, Emily and Jamie, and Mr. and Mrs. Daniel Cole.

Guests this week of Mr. and Mrs. Keith Ring have been their son, Allan, Hooksett, N. H., and their grandson, Jeff Ring of Amherst, Mass. Another grandson, Scott Ring of South Portland, has returned home after spending several days here last week.

R. H. DeNormandie of Norwood, Mass., who has a summer home in Greenwood Center, was recognized in June by Boston Edison for 40 years employment. He is a member of the Company's Electrical Operations Dept. Maintenance Division.

Gary Dunham, class of 1982, has been named to the Bowdoin College Dean's List for the spring semester.

## PETER H. PERIKLES

Peter H. Perikles of Benton died Tuesday, June 23, 1981, at the Lakeside Manor Nursing Home, Waterville, where he had been a resident for two years.

He was born Oct. 23, 1889, at Metilene, Greece, the son of Perikles and Asemantia Hadidacos Anemotia. He arrived in the United States July 3, 1910, to live with his brother Lewis in Waterville. He worked for many years in the Fairfield Woolen Mill and in Camden. He lived with the Laforest Prentiss family in Benton when he was a young man and resided there for 65 years. He wife, Marguerite Young of Benton, died in 1918. In 1921 he opened a dry cleaning and shoe repair business on Main Street, Waterville, known as the Colby Dry Cleaners. He moved to Charles Street where he had the first drive-in business, and later moved to Fairfield. He retired in 1968 due to ill health. He was a member of the Greek Orthodox Church of Bangor.

He is survived by a daughter, Mrs. Robert B. (Violet) Swain of East Andover; three grandsons, two great-grandchildren; a brother, George of Fairfield; and a sister, Irene Laskarides of Waterville, Greece.

Funeral services were held this Thursday morning at St. Mark's Episcopal Church in Waterville, with interment at Ames Cemetery, Benton.

## FIELD HOUSE EXHIBITS

ing recipe and could arrange an exhibit showing how she made it, or some of your ancestors' books and the glasses they use with failing eyesight to read, or the kitchen utensils in common use, or the tin or pewter or china with which they set their tables, or the coverlets, quilts (perhaps a corded bedspread, or corn husk mattress). Furniture such as candle stands, chairs, lamps, lanterns, rugs are among the many things which would be of interest. The period in time covered is from 1781 to present.

Hobbies may be shown. Perhaps you collect old ink wells, match boxes, samplers, tinware, boxes which things like tea, coffee, snuff and such came in—combs, button hooks—the endless things which people used. For example already promised is a butter making, a weaving and a spinning exhibit but some essential items relating to these will be welcomed. A three legged kettle, a blanket chest are early furniture and cooking items offered and for Hobbies a fan collection and eye glasses.

Whoever you have to offer, you are urged to call Elizabeth Carter, 836-2343, as soon as possible who will also answer any questions and tell you whether other things you may think of offering—the list is endless—might fit into this exhibit.

Anyone who can demonstrate a craft who has not already made their willingness to participate known, is encouraged to contact Mrs. Carter.

It is hoped that the exhibit will cover the 200 years, so much more recent things than those mentioned have a place in this exhibit.

It is also hoped that anyone who can offer a few hours time during this celebration, will call, for people are needed to be present to attend the exhibits and answer questions—a wonderful way to see the many people attending. The best time for calling 836-2343 is between 1:00 and 2:00 and 5-8 p.m. but try any time.

The Board, pursuant to a public hearing at their June 8 meeting, voted to increase the sewer service charge from \$17 per 1,000 cu. ft. to \$19.50 per 1,000 cu. ft., effective with the July billing and to increase the septic waste dumping charge from \$.03 per gallon to \$.05 per gallon effective July 1.

Mem Enright was appointed as a member of the Facilities Committee and the Board voted to hold a public hearing at their July 13 meeting regarding a proposed Affirmative Action Plan to become part of the Town's employee Personnel Rules and Regulations.

The Board discussed closing several town ways to winter maintenance and directed the Manager to proceed with the process to have these considered at the Sept. 15 Special Town Meeting. The following roads, which have no one living on them, are being proposed for winter closing: Adamsen Rd. (also known as the Billings Rd.); Abe Merrill Rd.; Swan Hill Road (also known as the Buck Rd.); part of the Osgood Road; Chase Road; Hart Road, and part of the Waterspout Mountain Road.

Continued discussion was held regarding possible changes in how the town is organized for assessment administration. The Manager reviewed how other towns were organized and indicated that each town's local situation seemed to dictate how that town was organized to handle municipal assessing. After considerable discussion, the Board voted not to propose any changes at this time.

In other business the Board scheduled a special meeting for Monday, June 29, to review proposed road reconstruction on the Bird Hill Road, to discuss the proposed citizen survey to be undertaken by the Planning Board, to review a renewal liquor license application from Claus and Joan

June 23, 1980

A year ago today  
My Dad was taken away  
Some people may be happy  
Some people I'm sure are sad  
But for me, there will be no one like

My Dear Dad,  
Each time I've tolerated pain  
Each time someone speaks "his name"

But I must accept the things, that  
I cannot change.  
My Father was the kindest man  
That I have ever known  
He'd give you his shirt  
Or anything he owned  
He gave me his love  
He supported me in my needs  
Yes, I can truthfully say  
He was a treasure in deed.

Thanks a Million "Dad"

MIDDLE INTERVALE  
MEETING HOUSE

The following sketch of Millard Fillmore Clough for whom his family has purchased Pew #22 in the Middle Intervale Meeting House in his memory, has been submitted:

Pew #22 in the Middle Intervale Meeting House was purchased by Maxine Clough Brown, Fillmore (Bud) Clough, Mary Clough Rice Keniston and Ida Lee Clough Bryant in memory of their father, Millard Fillmore Clough. He was born Oct. 25, 1885 and grew up on Mill Hill in Bethel. He married Frances Brown, and they lived first in Kingfield, Maine, then in Albany and then returned to the family homestead in Bethel.

He learned his trade of papering and painting from his Uncle Ed Holt and continued in this field the rest of his life. No one did a better job of interior decorating and paper hanging and he did some of the finest homes in Oxford County.

He was a faithful worker for the Congregational Church and interested in all the affairs of the town and helped whenever he could. He was also very interested in the Middle Intervale Meeting House. Mrs. Pearl A. Tibbetts says this of him: "In 1926 the late Millard Clough painted and restored the Sanctuary. The box pews still evidence of skillful treatment. The fine lining on the railings display the excellence of his work. Millard was a craftsman of many abilities and a perfectionist in all. (To watch him nimbly installing a weathervane on the highest barn was breathtaking). The Middle Intervale Society plans a program of complete restoration for this historic and romantic steeped building."

The costs of 55 years ago are interesting. Millard painted the outside of the building, the fence and papered and painted the inside. He billed the cost of the paint for interior and exterior as one item—\$45.17. Included in this figure were nails also. He made his own paint and purchased only one gallon for \$2.75 which was probably for the trimming of the pews. Cost of outside labor was \$53.32 (62 cents an hour). The inside required 30 double rolls of ceiling paper at 30 cents; 24 double rolls of side wall paper at 40 cents; 62 yards of border at 6 cents; 17 pounds of paste at 17 cents; and 90 hours of labor. Thus the total cost of the project was \$179.50. What a difference from today...

He billed the cost of the paint for interior and exterior as one item—\$45.17. Included in this figure were nails also.
